## The Reason

CHI St. Alexius Health Williston Medical Center is a nonprofit health organization. The funds we receive from sponsors and donors alike help us continue our mission and healing ministry. Through donor dollars, in FY24 we have been able to fund updates to our facility and equipment for a total amount of over \$3 million. Funds raised will go towards our Operation Restoring Comfort Initiative: An Acute-Care Hospital Bed Renewal Initiative.

We have purchased 43 new hospital beds for our Intensive Care, MedSurg, and Obstetrics units. As a small hospital serving a rural population, we have been unable to update our outdated beds. The older models caused challenges for nurses and patients alike, including broken components on labor and delivery beds and outdated medication management features that were too old to update.
